

Neo Cot

Newborn bed

Neo Cot

Infant Bed to bring a distance closer to an infant.

An infant bed to encourage communication with a baby is released.

Developing mother-infant bonding nurtured by close distance and eye lines is highly considered.

• Shown here is a High-Low stand.

Design paying special attention to “Safety” and “Interaction” supports mothers and nursing staffs

Caster- lock from any direction

Four-wheel lock mechanism allows a mother to change diapers with an easy mind without looking aside.

Mattress tilting with a lever on the front

Non-step smooth tilting is possible while watching an infant.

Lightweight and easy to move.

Large dual wheel casters make it easy to operate and move the cot.

A combination of options can meet a variety of requirements

Enhances operation efficiency for nursing staff

Variety of peripheral devices can be attached to the I.V Pole (option), which enables a staff to operate the devices immediately in a large work space.

Drawer

Pulse oximeter can be put on the slide tray which is suitable for practical use.

Sliding open the top slide tray

Opening the drawer

I.V POLE

I.V Pole can be attached to each corner as the situation demands.

Basket

Small stuff such as disinfectant and thermometer can be stored.

Carefully selected material ensures improved ease of cleaning

Increased ease of cleaning of the products

The main body is made of resin - the cot can be disinfected using chemicals

Waterproof Mattress

Product code: PHCOTMAT/WW

“Safety”

A cot can be locked, which eliminates the risk of falling

The transparent cot can be locked at four points of the bottom for safety.

“Interaction”

The height of HL Stand can be adjusted to eye level of an infant

The lowest position is 62cm, which enables to watch an infant at the bed side of mother and contribute to the Kangaroo-care.

Specifications

		Neo Cot HL Stand
Product Code		26408
Tilting Angle		0°-12°
Mattress	Material	Polyurethane
	Method of disinfection	Wipe surface clean with warm soapy water
Caster		Dia. 10cm (Dual caster w/stopper)
Load Capacity		10kg (on mattress)
Weight		Approx. 27 kg
Dimensions		W960 x D450 x H620 - 820 mm
