

Portable Nebulizer

Features:

- Vibrating Mesh provides fine mist
- 5 um particale spray above 60%
- Compact and Portable
- Automatic shutdown after 20 minutes
- Built-in Low Battery Indicator

PH-NBM-1 Portable Mesh Nebulizer

Tiny Particle

Re-usable Nebulizer

Reliable Quality

Easy to Use

Specifications:

Power Consumption	< 1.5W
Working current consumption	< 500 mA
Sound Level	Less than 50 dB at 1 meter
Operation environment	10~40°C(50°F to 104°F),30%~80% RH
Storage environment	-20~55°C(-4°F to 131°F), ≤85% RH
Nebulizers rate	≥0.2mL/min
Time AUTO-OFF	Power on, operation 20 min to auto-off
Medication bottle volume	6 mL
Ultrasonic Oscillation Frequency	103 KHZ~120 KHZ ± 3K
Particle size	5 um or less accounted for more than 60%
Battery life	Continuous operation ≥1 hour, (1.5V X2,AA,Alkaline)
Standards	EN60601-1-1, EN60601-1-2

Accessories

Large mask

Part No: NML-006

Small mask

Part No: NMS-004

Mouthpiece

Part No: NMP-002

USB Power Adaptor

Part No: PH-NBM-001
